Email trevidlas@gmail.com

Career Objective:

To remain the focus driven, result oriented person that I am, the kind of team player any organization would want to have as a member of its team.

Work Experience:

- UCarry(July 2022- current): as a senior software developer I am tasked in the development and maintenance of the UCarry mobile and web applications.I have been using: Next.js, TailwindCSS, React Native, MongoDB, Github Actions, ExpressJS, AWS, Node JS
- Mount Olympus Waterpark and Themepark(July 2022-current): as a “Lead supervisor” I am in charge of dispatching employees to differing park stations and aiding management in overseeing various policy enforcement and overall running of day to day affairs. On occasions I am the manager on duty in which I am tasked to respond and deal with customer related issues as well.
- Shift Left Limited(November 2021-June 2022): as a senior software developer, I am currently being tasked with full stack development of a React Native application which utilises my skills in: Typescript, SpringBoot, Javascript and React Native
- National Commercial Bank(December 2021-June 2022): as I was contracted to work at this financial institution I was tasked with many leadership roles. I had to utilise my skills in Docker, Kubernetes, Octopus, Gitlab and the implementation and maintaining of the CICD pipeline.

- Smart Mobile Software Solutions(May 2020-2021): as a junior software developer, I was tasked with the development of various software projects which incorporated my knowledge of various frameworks such as: React, React Native and Springboot
- *Indepent Fiverr account (2016-2018)*: in marketing my knowledge of coding, I was able to earn online by completing projects for customers in various languages such as C, C++ and Java.
- E-learning Jamaica (Summer Job,2015-2016) Reference: Sharon Lee, School Liaison Officer(929-4044)
